Intuit Supports the People of Ukraine

SOCIAL RESPONSIBILITY

March 14, 2022 / [Intuit Blog Team](#)

We are deeply concerned by the distressing and tragic war in Ukraine. It is heartbreaking to watch as countless lives are unnecessarily lost and millions of innocent civilians are displaced. Our company mission and values compel us to support the people of Ukraine, and we hope for a quick and peaceful resolution to the war.

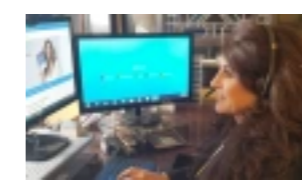

Intuit is pledging \$1 million to the [United Nations Refugee Agency](#) (UNHCR) to help support the people of Ukraine. In addition, through Intuit’s We Care & Give Back program, the company is offering a 2:1 match to double employee donations supporting relief efforts.

Although Intuit has no material business in Russia and Ukraine from a revenue or supply chain perspective, in support of the people of Ukraine, we are suspending all customer accounts in Russia. We are also waiving all charges for current customers in Ukraine until further notice.

While Intuit does not have offices in Russia or Ukraine, many employees have friends and family in Ukraine and bordering countries that are impacted. In support of our employees, we are making available our Employee Assistance Program and additional resources including for our military Reserve and Guard members, and their families.

As distressing as the scenes from Ukraine may be, we admire the resilience of the people of Ukraine and we stand in their support.
