

Zabbix stops operations in Russia

March 7, 2022

Zabbix has decided to stop commercial operations in Russia.

In 2021, net sales of Russia totalled approximately 7% of Zabbix group of companies.

“Russia’s full-scale invasion of Ukraine is an act of aggression which has tragic consequences for many people across the region. We cannot stay aside and see no other solution than to suspend support of existing customers, selling of new support contracts, and trainings in Russia. It is a difficult but we believe the only right decision.”, Alexei Vladishev, Founder and CEO of Zabbix comments.

We are doing everything possible to support our Ukrainian and Russian colleagues and friends.

Zabbix SIA donates 100,000 Euros in emergency humanitarian aid to Ukraine. The amount will go immediately to the Latvian Red Cross.
